# Link/2500 Series

Smart, sleek, simple.
Payment excellence at its finest

- **Specifically engineered for flexibility to accept all payment methods including NFC/Contactless, Apple Pay and Google Pay**

- **Optimize your payment solution for any existing infrastructure thanks to a fully versatile connectivity options**

- **The ideal payment terminal for mobility use cases**

ingenico
a Worldline brand

With the Link/2500, Ingenico brings payment acceptance solution to any mobile solution.

Highest security
The Link/2500 is PCI-PTS 5.x certified. Its Telium Tetra OS uses the latest cryptographic schemes with future-proof key length.

All payment options
In addition to EMV Chip & PIN, swipe and sign, Link/2500 supports the broadest range of contactless standards allowing NFC couponing and wallet use cases.

Designed for accessibility
Thanks to an integrated speaker which could provide vocal assistance and a real mechanical keypad with raised marking, Link/2500 is built for the most demanding use.

Designed for mobility
Featuring a pocket-sized, light weight and robust design the Link/2500 is the perfect business acceptance point for mobile solutions.

User-friendly and intuitive interface
Featuring a sleek design, Link/2500 is versatile and intuitive thanks to a bright 2.4" color display and a USB-C connector.
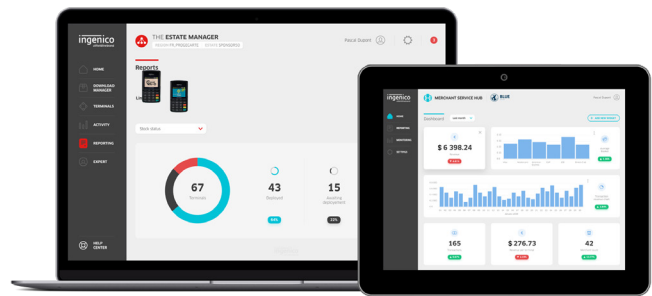

Secure Telium TETRA OS
Backed by 40 years of experience and with its user-friendly interface, the Telium TETRA operating system includes the best security mechanisms embedded to protect transaction privacy and leverages Ingenico's unique portfolio of payment applications.

Compatible with Ingenico's suite of services
Keeping the solutions connected, the Link/2500 works in unison with Ingenico's supporting service platforms, meaning merchants will have access to business services such as estate management reporting. Software updates and day-to-day support deliver a hassle-free experience.
